## Welcome!

Each year during Open Enrollment, you have the opportunity to review your current health care coverage and consider if it still meets your needs for the coming year. It's important that you take the time to consider what's happening in your life—maybe there's a child on the way, or you're preparing for a surgery. These life events could have an impact on the choices you make for coverage.

Even if you're happy with your current coverage, it's a good idea to review your options to see if a different plan choice might meet your health care and budgetary needs.

All of the State of Connecticut health care plans cover the same services, but there are differences in how you access treatment and care, and how each plan helps you manage your and your family's health. If you decide to change your medical or dental plan now, you may be able to keep seeing the same doctors, yet reduce your out-of-pocket costs.

During this Open Enrollment period, I encourage you to take a few minutes to consider your options and choose the plan that provides the best value for you and your family. Everyone wins when you make smart choices about your health care.

## Complete Your Enrollment Online

If you want to make a change to your coverage for 2022/2023, log in to **Core-CT** and select **Self-Service > Benefits > Benefits Enrollment**.

If you'd prefer, complete the Core-CT generated enrollment form from your agency benefit contact, or there is a manual change form (CO-744A) which you can find at **CareCompass.CT.gov**. Fax, email or drop off your completed form at your agency benefits office.

| If you don't want to change your coverage, it will automatically roll over at the applicable 2022/2023 premium.

## Medical Plan Name Changes

We're changing the names of some of our medical plans to better reflect the plan structure. This should help make it easier to understand the differences between the medical plans and help you choose a plan.

- **Primary Care Access**

Anthem name: State BlueCare Point of Enrollment Plus (POE-G Plus)

- **Standard Access**

Anthem name: State BlueCare Point of Enrollment (POE)

- **Expanded Access**

Anthem name: State BlueCare Point of Service (POS)

- **Quality First Select Access**—See below for more information on this new plan.

Anthem name: State BlueCare Prime Tiered POS

The name change will not affect the benefits provided under each plan.

## New Medical Plan: Quality First Select Access Plan

The Quality First Select Access plan will replace the State BlueCare Prime Plus POS. If you are currently enrolled in the State BlueCare Prime Plus POS, you will automatically be enrolled in the Quality First Select Access plan starting July 1, 2022, unless you make a plan election during Open Enrollment.

The Quality First Select Access plan uses the same Prime network as the State BlueCare Prime Plus POS; however, you'll no longer need to select a PCP or get a referral to see a specialist in the State BlueCare Prime network.

Search the State BlueCare Prime network to ensure your doctors and specialists are in this plan. To save on out-of-pocket costs, use providers marked Value Tier 1—you'll pay a \$0 copay. With a Tier 2 provider, you'll pay more for care: \$50 copay for PCPs and \$100 copay for specialists. Hartford HealthCare facilities and providers are NOT in this plan's network.

## Dependent Dental Coverage Extended to Age 26

Eligible dependents can now remain enrolled in State-sponsored dental coverage through the end of the year in which they turn age 26.

If you previously disenrolled a dependent from dental coverage because they reached the maximum age of 19, and they are still under the age of 26, you can re-enroll them in dental coverage that begins July 1, 2022.

To add a dependent to your dental coverage, log in to **Core-CT** and select **Self-Service > Benefits > Benefits Enrollment** or ask your agency benefits office for a Core-CT generated form. Fax, email or drop off your completed form at your agency benefits office.

# What You Need to Do

## Current Employees

**Open Enrollment: May 2 – May 27, 2022**

Open Enrollment is your opportunity to take a fresh look at the plans, consider how your and your family's needs may have changed, and choose the best option for you for the coming year.

During Open Enrollment, you can:

- Change medical and/or dental plans,
- Add or drop coverage for your eligible family members, or
- Enroll if you previously waived coverage.

**New for 2022!** You can make a change to your coverage through eBenefits, or if you prefer, you can still complete the Core-CT generated form, which you can get from your agency benefits contact. Fax, email or drop off your completed form at your agency benefits office.

If you don't make a change, and:

- **You're currently enrolled**, your coverage will continue as is, with applicable 2022/2023 premiums.
- **You are NOT enrolled**, your coverage will continue to be waived.

## New Employees

To enroll for the first time:

1. Review this Planner and choose the medical and dental options that best meet your needs.
2. Visit eBenefits to make your benefit elections. If you prefer, you can still complete the Core-CT generated form, which you can get from your agency benefits contact.
3. Complete your enrollment online, or return the completed form within 31 calendar days of the date you were hired. Paper forms should be faxed, emailed or dropped off at your agency benefits office.

If you enroll as a newly hired employee, your coverage begins the first day of the month following your hire date. For example, if you're hired on October 15, your coverage begins November 1.

The elections you make now are effective through June 30, 2023, unless you have a qualifying life event (see "Midyear Coverage Changes").

## Midyear Coverage Changes

Once you make your coverage elections, you cannot make changes for the 2022/2023 plan year unless you have a qualifying life event, which includes changes in:

- Legal marital/civil union status, including marriage, civil union, divorce, death of a spouse, and legal separation
- Number of dependents, including changes through birth, death, adoption, and legal guardianship
- Employment status, including events that change your or your dependents' employment status and eligibility for coverage, such as:
  - Beginning or ending employment
  - Starting or returning from an unpaid leave of absence
  - Changing from part-time to full-time or vice versa
- Dependent status, including events that cause your dependent to become eligible or ineligible for coverage
- Residence, including moving out of the area you live in now, that makes it difficult or impossible to see network providers
- Loss of coverage, including events that cause you or your dependents to lose coverage from another source

If you have a qualifying life event, you must notify your agency benefits office within 31 days of the date of the event. The change you make must be consistent with the event that triggered the midyear coverage change opportunity. For example, if you have a child, you can add them to your current health care coverage, but you can't change the plan(s) in which you are enrolled. All coverage changes are effective the first day of the month following the date of the event.

If you experience a change in your life that affects your benefits, contact your agency benefits office. They'll explain which changes you can make and let you know if you need to send in any documentation (for example, a copy of your marriage certificate).

Find more information about 2022 Open Enrollment at **CareCompass.CT.gov** or by contacting your agency benefits office.

## Eligibility for Coverage

Dependents you can cover under your plans generally include:

- Your legally married spouse or civil union partner
- Your children through the end of the year in which they become age 26
- Children living with you for whom you are the legal guardian (to age 18) unless proof of continued dependency is provided

Coverage eligibility for disabled children beyond age 26 must be verified through Anthem. Contact Anthem at 800-922-2232 for details.

Documentation of an eligible relationship is required when you enroll a family member.

Visit [CareCompass.CT.gov](https://carecompass.ct.gov) for details about dependent eligibility.

### Dependent Coverage

You and the family members you enroll must all have the same medical option and/or the same dental option. However, you can enroll certain family members in medical and different family members in dental. For example, you can enroll yourself and your child for medical, but only yourself for dental. To enroll an eligible family member in a plan, you must enroll as well.

### Only Cover Eligible Dependents

It is your responsibility to notify your agency benefits office if individuals you cover are no longer eligible. If you are covering an ineligible dependent, you must pay federal and state taxes on the fair market value of benefits provided to that person.

### Medicare Eligibility

If you are an active employee and you and/or your spouse are eligible for Medicare, you do not need to enroll in Medicare Part B while you are enrolled in the active state plan. The active state plan is primary. If you choose to enroll in Medicare Part B, you will pay a premium for that coverage. The state does not reimburse Medicare Part B premiums for employees or dependents enrolled in the active state plan.

Generally, you don't pay a premium to have Medicare Part A.

When your active employee state coverage ceases (for example, when you retire), you will have a limited time to sign up for Medicare Part B with no penalty. If you are eligible for the state's retiree plan, you will be required to enroll in Medicare Part B at that time. You must submit a copy of your Medicare card to the Office of the State Comptroller's Retirement Health Unit for reimbursement of your and/or your spouse's Medicare Part B premium.

# Medical Coverage

You have the following medical plan options, administered by Anthem:

- **Quality First Select Access (State BlueCare Prime Tiered POS):** A PCP and referrals to specialists are not required.
  - **Primary Care Access (State BlueCare Point of Enrollment Plus [POE-G Plus]):** A PCP is required; you must have a referral to see a specialist. Out-of-network services are not covered, except in an emergency.
  - **Standard Access (State BlueCare Point of Enrollment [POE]):** A PCP and referrals to specialists are not required. Out-of-network services are not covered, except in an emergency.
- **Expanded Access (State BlueCare Point of Service [POS]):** A PCP and referrals to specialists are not required.
  - **State Preferred Point of Service (POS):\*** A PCP and referrals to specialists are not required.
  - **Out-of-Area (OOA):** Available if you or a covered dependent will be out of Connecticut for 90+ days during the year (for example, if you have a child at an out-of-state college).

## Understanding the Plans

Choosing a medical plan might feel overwhelming, but it can be simple! All the medical plans cover the same medical benefits, services and supplies, just at different prices and with different networks.

Ask yourself these questions:

- Am I okay with selecting a primary care physician to coordinate my care?
  - Am I okay with seeking a referral before seeing a specialist?
  - Do I need out-of-network options for care?
- Would I rather pay more in bimonthly premiums or more out of pocket when I need care?
  - Are my current providers in the network? If you're not sure, search for your providers using **Anthem's Find Care tool**.

Once you've answered these questions, take a look at this table—it should help you narrow down your options.\*

## Allowable Charge

If you visit an out-of-network provider, the allowable charge is the amount your plan would pay had you visited an in-network provider. When you visit an out-of-network provider, you are responsible for all charges above the allowable charge, up to that provider's usual charge for those services.

# Prescription Drug Coverage

Your prescription drug coverage is administered by CVS Caremark. Prescription benefits are the same no matter which medical plan you choose.

The amount you pay depends on whether your prescription is for a generic drug, a brand name drug listed on CVS Caremark's preferred drug list (the formulary), or a non-preferred brand name drug.

Here's what you'll pay for covered prescription drugs.

	Maintenance Drugs 90-Day Supply	Non- Maintenance Drugs 30-Day Supply
<b>Tier 1: Preferred generic</b>	\$5	\$5
<b>Tier 2: Non-preferred generic</b>	\$10	\$10
<b>Tier 3: Preferred brand name</b>	\$25	\$25
<b>Tier 4: Non-preferred brand name</b>	\$40*	\$40*

\* \$25 if your physician certified the non-preferred brand name drug is medically necessary

If you are enrolled in HEP (see page 9), you'll pay lower copays for medications used to treat certain chronic conditions:

- Tier 1: \$0 copay
- Tier 2: \$5 copay
- Tier 3: \$12.50 copay

You'll pay nothing for medications and supplies used to treat diabetes (type 1 and type 2).

Check your prescription's tier at [caremark.com](https://www.caremark.com). Once you register, click **Look up Copay and Formulary Status**. Type the name of the drug you want to look up, and you will see the cost and copay amounts for that drug as well as alternatives.

## Brand Name Drugs

A drug's tier is determined by CVS Caremark's Pharmacy and Therapeutics Committee. The committee may change the tier placement of a drug if new generics have become available, new clinical studies have been released, new brand name drugs have become available, etc.

If your doctor believes a non-preferred brand name drug is medically necessary for you, they will need to complete the Coverage Exception Request form (available at [CareCompass.CT.gov](https://www.CareCompass.CT.gov)) and fax it to CVS Caremark. If approved, you will pay the preferred brand copay amount.

## Mandatory Generics

Prescriptions will be filled automatically with a generic drug if one is available, unless your doctor completes CVS Caremark's Coverage Exception Request form and it is approved. Note: It is not enough for your doctor to note "dispense as written" on your prescription; a separate form is required. If you request a brand name drug instead of a generic alternative without obtaining a coverage exception, you will pay the generic drug copay PLUS the difference in cost between the brand and generic drug.

## 90-Day Supply for Maintenance Medications

If you or your family member takes a maintenance medication, you are required to get your maintenance prescriptions as 90-day fills. You can get your first 30-day fill of a new medication at any participating pharmacy. After that, your two choices are:

- Receive your medication through the CVS Caremark mail-order pharmacy, or
- Fill your medication at a pharmacy that participates in the state's Maintenance Drug Network (see the list of participating pharmacies at [CareCompass.CT.gov](https://www.CareCompass.CT.gov)).

A list of maintenance medications is posted at [CareCompass.CT.gov](https://www.CareCompass.CT.gov).

Maintenance drugs are prescriptions commonly used to treat conditions that are considered chronic or long term.

## CVS Caremark Specialty Pharmacy

Certain chronic and/or genetic conditions require special pharmacy products (often injected or infused). The specialty pharmacy program provides these prescriptions along with the supplies, equipment and care coordination needed to take the medication. Call 800-237-2767 for information.

**New!** When you fill a prescription for a specialty drug, you will automatically be enrolled in a PrudentRx program that reduces your out of pocket cost to \$0. You can choose to opt out of this program.

To view the Specialty Drug list, go to [CareCompass.CT.gov/state/pharmacy](https://www.CareCompass.CT.gov/state/pharmacy).

## Contact CVS Caremark

If you have questions about your prescription drug benefits, visit [caremark.com](https://www.caremark.com) or call CVS Customer Care at 800-318-2572.

# Dental Plan Coverage

### Consider the DHMO plans

The DHMO network continues to grow! Be sure to check your provider's status at [cigna.com/stateofct](https://cigna.com/stateofct). Enrolling in a DHMO plan could help you save money.

**What's the difference between the two DHMOs?** If you're enrolled in the Cigna Dental Care DHMO Plan, you pay copays when you need care. If you're enrolled in the Total Care DHMO Plan, you pay coinsurance when you need care.

### Health Enhancement Program (HEP)

**If you participate in HEP (see page 9), up to two dental cleanings per year are 100% covered.**

If you are in the Enhanced plan, you must use an in-network dentist to get the full coverage. If you go out of network, you may be subject to balance billing (if your out-of-network dentist charges more than the maximum allowable charge).

In the DHMOs, you must use an in-network dentist, or your exam won't be covered at all.

### Oral Health Integration Program

Anyone enrolled in a State of Connecticut dental plan is eligible for Cigna's Oral Health Integration Program (OHIP). OHIP provides 100% reimbursement of certain services if you are pregnant or have a qualifying medical condition (heart disease, stroke, diabetes, maternity, chronic kidney disease, organ transplants, and head and neck cancer radiation). More information can be found at [stateofct.cigna.com](https://stateofct.cigna.com).

### Cigna's Virtual Care Program

Get care for urgent dental concerns like a toothache, chipped tooth, infection and other oral health issues when you can't get to your regular dentist. This program is available 24 hours a day, 7 days a week at [stateofct.cigna.com](https://stateofct.cigna.com).

### Savings on Non-Covered Services

Many of the Basic and Enhanced plan Cigna PPO network dentists have agreed to offer their discounted fees to you and your covered dependents for non-covered services. These savings may also apply to services that would not be covered because you reached your annual benefit maximum or due to other plan limitations such as frequency, age or missing tooth limitations.

You must visit a network dentist to receive these discounts. And you should verify that the procedure is listed on the dentist's fee schedule before receiving treatment. You are responsible for paying the negotiated fee directly to the dentist.

*Discounts on non-covered services may not be available in all states. Certain dentists may not offer discounts on non-covered services. Be sure to check with your dental care professional, or contact Cigna customer service before receiving care to determine if these discounts will apply to you.*

### Pretreatment Estimates

Before starting extensive dental procedures where charges may exceed \$200, your dentist may submit a pretreatment estimate to the plan. You can also help to determine the amount you will be required to pay for a specific procedure at [CareCompass.CT.gov](https://CareCompass.CT.gov).

### myCigna Mobile App

Download the myCigna mobile app on the [App Store](https://www.apple.com/appstore) or [Google Play](https://play.google.com/store/apps/details?id=com.cigna.ct) to get access to your personal information on the go. Through the app, you can find care and costs, view claims, update your personal information and more!

**New!** Eligible dependents can now remain enrolled in State-sponsored dental coverage through end of the year in which they turn age 26. [See page 1](#) for more information.
