In order to assist in preserving public services and in providing adequate levels of staffing for state employee benefits programs which are an asset to the State as well as its employees, the State of Connecticut and the State Employees Bargaining Agent Coalition ("SEBAC") agree to the following provisions. This agreement shall amend previous SEBAC Agreements as necessary to carry out the specific changes set forth herein.

I. MODIFICATIONS TO THE CURRENT SEBAC PENSION AND HEALTH CARE AGREEMENT

   Except as specifically referenced herein, all the provisions of 1997-2017 Pension and Health Care Agreement, as amended, shall apply. The Changes to Health Care are:
   i. Affecting Active Employees:
      1. Voluntary Prudent RX.

II. PROVISIONS AFFECTING BARGAINING UNIT AGREEMENTS

The State and SEBAC recognize that wages and other matters are negotiated on a bargaining unit basis by the union designated as the exclusive bargaining representative for that unit. However, in order to carry out the intent of this agreement with respect to the protection and preservation of state services and to encourage staffing levels that are consistent with those purposes and wage and benefit levels that are fair and consistent among the affected bargaining units, the State and SEBAC have agreed that the parameters in Appendix B shall apply to all units participating in this agreement.

III. TENTATIVE AGREEMENT, SUBJECT TO RATIFICATION AND APPROVAL BY THE GENERAL ASSEMBLY

By their signatures below, the parties indicate that this tentative agreement has been approved by the Governor, and ratified by SEBAC Leadership, and that each of the bargaining unit agreements tentatively agreed to in accordance with Attachment B by their appropriate negotiating parties have been fully ratified and attached as Attachment C to this agreement. I. Further Explanation of Prudent RX - Voluntary Specialty Drug Discount Program

Beginning July 1, 2022, all active employees and non-Medicare eligible retirees will be enrolled in a specialty drug discount program that provides enrollees with $0 cost share for all specialty medications. Participation in the specialty discount program will be automatic unless the member chooses to opt out. Members can opt out of the program during open enrollment each year, beginning with the May 2022 open enrollment, by filling out a form, which will be made available by the Comptroller and the plan’s pharmacy benefit manager.

Enrollees will receive $0 cost share for all specialty medication for participating in the specialty discount program. In exchange for the $0 cost share, participants are required to enroll in available manufacturer assistance programs with the assistance of the specialty discount program administrator. Failure to enroll in manufacturer discount programs as recommended by the program administrator will result in removal from the program, effective with the start of the following plan year and a resumption of the previously applicable specialty copay. The appropriateness, amount and nature of any compliance incentive which the parties determine is likely to increase overall savings to the state shall be determined by the Health Care Cost Containment Committee.

Members enrolled in the program will also be enrolled in a specialty management program, which ensures appropriate and safe use of specialty drugs, be subject to a specialty formulary and will be offered a limited specialty pharmacy network. Enrollees currently utilizing specialty drugs will not be subject to the specialty management review for current prescriptions.

The value of drug manufacturer coupons or copay assistance associated with the specialty discount program will not count towards the calculation of a member’s cost sharing responsibility for purposes of out-of-pocket maximums.

If specialty drug discount programs are discontinued by pharmaceutical manufacturers or fail to reduce overall prescription drug costs to plan members and the State, all members shall revert to their standard specialty copay.
