

For UConn Storrs/Regional Employees who cannot telecommute due to their onsite job responsibilities

IF YOU DEVELOP COVID-19 RELATED SYMPTOMS, REGARDLESS OF VACCINATION STATUS:

SYMPTOMS OF COVID-19

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- Sore throat
- Loss of taste or smell
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

- Obtain a COVID-19 test.
- If you are at home, stay home and use your regular call-out procedures.
- If you are at work, continue to always wear your mask, and notify your supervisor so you can go home as soon as possible.
- Your manager may request your test results for payroll and return-to-work determinations. There is no need to report any test results to HR.

(Do not call the UConn Health COVID Call Center.)

COVID-19 TEST RESULTS GUIDANCE

If you test positive:

1. Isolate at home for at least 5 calendar days from time of symptom onset or positive test date if asymptomatic.
2. After 5 calendar days, you may return to work if you are vaccinated and/or boosted and have no fever or mild/improving symptoms. If you are unvaccinated, you must be symptom-free to return to work.
3. No additional test is required to return.
4. Follow heightened safety protocols for 10 calendar from onset of symptoms or positive test if asymptomatic

If you test negative:

You may return to work when you have had no or significantly improved symptoms for at least 24 hours.

HEIGHTENED SAFETY PROTOCOLS:

- Always wear a mask.
- Avoid eating with others.
- Diligently monitor symptoms.

Your manager may ask you for your vaccination/booster status and/or any test results for payroll and return-to-work determinations. There is no need to report any test results to HR.
